Board & Batten
Vertical Siding
Board & Batten vertical siding recreates the historic charm and rustic cedar look of a centuries-old siding style originally applied to log-built homes, barns and other early American structures.
Siding: Monogram Double 5” Clapboard in natural clay with Board & Batten Single 7” in mountain cedar.
Trim: Vinyl Carpentry & Restoration Millwork.
With Board & Batten, CertainTeed has recreated a siding favored by early settlers to protect and beautify homes and outbuildings. Alternating wide and narrow vertical panels combine in a simple, yet beautiful, design well suited to distinctive architectural styles.
