CedarBoards™
Insulated Siding

CertainTeed products are designed to work together and complement each other in color and style to give your home a beautiful finished look.
On Cover:
Siding: CedarBoards XL Single 7” Clapboard in savannah wicker and Cedar Impressions® Double 7” Staggered Perfection Shingles in natural clay.
Trim: Vinyl Carpentry® and Restoration Millwork®.
Roofing: Landmark™ in weathered wood.
The look and feel of real cedar.

Inspired by nature, CedarBoards™ Insulated Siding is all about beauty and performance. Outside you appreciate the authentic look and texture of natural wood, enhanced by distinctive colors and its straight even face. Inside, you’ll enjoy a quieter, more comfortable home.
Performance that pays off.

As the number one rated brand of insulated siding, CedarBoards is recognized for the superior performance it delivers. It also offers lifetime fade protection, locking features to keep your installation straight and secure, and a lifetime limited warranty.
Installing vinyl siding is a smart investment, with **one of the highest returns** of any major home remodeling project when it’s time to sell.

**74.7%**

Return on investment for **insulated** siding

Attractive for any lifestyle.

With a choice of 18 colors and 3 profiles, CedarBoards lets you easily tailor your home with your sense of style. Its natural cedar texture, straight even face, deep panel projection and heavy-duty thickness helps achieve the look of beautifully crafted wood siding.

Siding: CedarBoards Double 6" Clapboard in natural clay.
Trim: Vinyl Carpentry® and Restoration Millwork®.
A lifetime of easy living.

CedarBoards is virtually maintenance-free and its features ensure long-term durability. A NGBS Green Approved product, it is also recognized for its environmentally-friendly benefits, so you can rest easy and enjoy the comforts of your home.
On average, vinyl siding saves time and money when compared to maintaining other siding options or painted exteriors.*

$5
vinyl siding / soap and water

$3,500–5,000
other siding / paint

*For 3000 sq. ft., multi-story home, professionally painted, with repainting every 8-10 years.
Everything in perfect balance.

For strength, safety and long-term durability, nothing performs like CedarBoards. You’ll enjoy warmth, quiet, durability and beauty – and the knowledge that you achieved it all with a sustainable product choice.

Strength and Rigidity

The rigid foam backing and high-quality vinyl construction of CedarBoards create a firm wall of impact-resistant protection for your home. CedarBoards panels have a straight, even face, designed to withstand the harsh elements of nature while looking beautiful for a lifetime.

Quiet and Comfort

The outside world stays outside in a home sided with CedarBoards Insulated Siding. The innovative foam backing reduces exterior noise, enhancing interior acoustics. CedarBoards integral foam increases your home’s energy efficiency, providing an extra measure of comfort for your interior spaces. CedarBoards can also increase the overall thermal performance of your home, helping to reduce annual heating and cooling costs.

Standardized testing showed a range of increased R-Value from 2.0 to 2.7; modest reductions in thermal bridging; average air tightness of 11% and 1%-11% (in Indiana) (in Colorado)

“R” means resistance to heat flow. The higher the R-value, the greater the insulating power.
Protection

CedarBoards is designed to protect your home from water and wood-boring insects. The tapered design and integral weep-holes shed water. CedarBoards also resists termites and other wood-boring insects.

Conservation

CertainTeed respects the environment through responsible development of sustainable building products and systems. While enjoying the comfort of CedarBoards, you’ll also enjoy knowing that you’ve made prudent “green” building choice. See more details on page 14.
RigidForm™ Technology
RigidForm 180 with .088" full rolled-over nail hem technology stiffens the siding for a straighter-on-the-wall appearance. Designed and tested* to withstand wind load pressures up to 180 mph.

*Products adhere to ASTM D7793 standards for capable wind speed ratings based on standard wind load design pressure ratings. For most current ratings, please reference www.certainteed.com

Deep Panel Projection
A 3/4" panel projection for excellent rigidity and straighter-on-the-wall performance.

Secure Locking System
This DuraLock® locking system snaps tight for a secure fit.

Foam Backing
For increased energy savings and additional comfort.

Straight Profile Face
All profiles feature a flat, even face, replicating the look of milled cedar.

Heavy-duty Thickness
True .044" thickness for outstanding strength and durability for all horizontal profiles. True .052" thickness for the Board & Batten profile.
Authentic Texture

CedarBoards utilizes TrueTexture™, a direct transfer system from real cedar boards for a natural rough cedar woodgrain finish. Our decorative trim product line offers the look of true wood craftsmanship, too.

18 Long-Lasting Colors

PermaCOLOR™ System assures color performance, resistance and durability. Utilizing the newest technology and state-of-the-art formulations, CertainTeed backs their vinyl siding with PermaCOLOR Lifetime Fade Protection.

3 Styles. Many great features.
CedarBoards is better...

...for less seams.

**XL** CedarBoards Extended Length siding comes in 16-foot 8-inch lengths which can reduce seams that occur with traditional lengths.

Traditional length 12 feet 6 inches

CedarBoards XL = 16 feet 8 inches

There can be up to 40% less seams if you use CedarBoard’s extended length panel on a 20-foot wide wall.

EXPERT
You already know what colors you want to use, but would like to see how the products available in your color theme will look together on your home.

DIY
Immediately begin designing by uploading a project picture and quickly mix and match products on your own project.

OR

Trim-It™
Creates distinction with a wide offering of accent and decorative trim products from both composite and vinyl product lines.

Pro
Have a photo of your home professionally masked in a few days so you can visualize in ColorView tool.
with your decisions.

Want More Ideas?

No Place Like Home Brochure
This brochure helps inspire ideas (pub. no. CTS435).
Go online for the PDF version or call 800-782-8777 for the brochure.

1 Look for color palette ideas in your surroundings, including landscaping, trees and gardens in your neighborhood and the larger area where you live. The colors you pick for your interior walls can also influence your exterior walls.

2 You may be inspired by your neighbors’ color schemes, but it is a good idea to avoid copying them exactly and best to create your own unique combination that sets your home apart. In most cases, you want your home to fit in but not clash with nearby buildings.

3 You need to first consider the appearance of any features on the home that will remain unchanged and harmonize your siding color with them. This includes roofing, masonry, stone, stairways, doors, etc.

4 If your home’s architectural style is very distinct (Colonial, Greek Revival, etc.) you will get best results if your color selection and treatment complements its original design.

Find a Professional.
The help of a qualified professional can ensure long-lasting performance on your siding installation. Visit www.certainteed.com and simply click the “Find a Pro” button on the top of the home page. You can then search by zip code, product and distance from your home.

OR call: 800-782-8777
When you choose CedarBoards Insulated Siding for your home, you open a wide world of color and style options to express your personal design preferences. Add that to the industry-leading quality and low-maintenance performance of CedarBoards and you rest assured knowing that your family will enjoy the beautiful sanctuary you have created for years to come.
CertainTeed products are designed to work together and complement each other in color and style to give your home a beautiful finished look.
