ECOPHON® HYGIENE ADVANCE™ WALL

Wall Panels
Fiberglass

Sound absorbing wall panel suitable for even the most demanding conditions, from intensive care units and operation rooms, to patient rooms and airtight laboratories.

APPLICATIONS
• Intensive Care Units
• Operating Rooms
• Patient Rooms
• Laboratories
• Other Healthcare or Cleanroom Applications

FEATURES AND BENEFITS
• Designed to facilitate daily cleaning with strong sanitizers and disinfectant chemicals
• Virtually zero particle emission, ensuring high indoor air quality. Suitable as a clean room component (ISO Class 3)
• Fully encapsulated in a smooth, high-performance film that is impervious to particles and water and repels dirt
• Quick and easy installation; stainless steel wall brackets screw into place, and wall panel simply slides into place in the brackets
• Easy removability to allow cleaning of the panels and the wall behind them
• Satisfies 2018 FGI Guidelines for use in restricted areas
• Excellent sound absorption with a 0.90 NRC
• VOC Compliant to CDPH v1.2, 2017

EDGE DETAILS

Overall depth of system = 3.5”

PHYSICAL DATA

MATERIAL
Fiberglass
Fully-encapsulated in a smooth, impervious high-performance film

FIRE CLASS (ASTM E1264)
CLASS A FOR US AND CANADA
Tested according to ASTM E84 & CAN S102
Flame Spread: 25 or less
Smoke Developed: 50 or less

MOLD/MILDEW RESISTANCE
Fiberglass substrate is fully-encapsulated by water-impervious film.

MAINTENANCE
Refer to online maintenance instructions.

WARRANTY
10-year Ecophon Warranty.
Full warranty information can be found at certainteed.com/ceilings.
