

## **Terms and Conditions of Contractor Participation**

**CertainTeed's Roofing Responsibly Recycling Program is exclusively for CertainTeed credentialed contractors.**

All participating contractors agree to the following terms and conditions as well as addendum to such terms and conditions, provided that CertainTeed gives sixty (60) days of notice of the addendum.

1. Participating contractors agree to incorporate CertainTeed's Roofing Responsibly marketing materials into homeowner presentations and proposals.
2. Participating contractors agree to promote CertainTeed products and introduce CertainTeed ENERGY STAR® rated products to homeowners in conjunction with the recycling program.
3. Credentialed contractors who apply for participation will have added to their profile, visible to homeowners, a recycling logo and short explanation.
  - Please submit at least 10 weigh tickets to [ctroofing@dataworksintl.com](mailto:ctroofing@dataworksintl.com) within the calendar year.
4. Ongoing inclusion in CertainTeed's Roofing Responsibly program requires the processing of at least ten (10) jobs annually. Contractors who do not attain this volume will be notified and hereby agree that they can no longer promote CertainTeed's Roofing Responsibly program. (If there are less than ten (10) jobs processed after 365 days from signing this agreement, CertainTeed shall be permitted to remove the logo.) With CertainTeed's Territory Manager's approval, a contractor who failed to meet the requirements can, at a later date, be conditionally reinstated to demonstrate compliance with these terms and conditions.
