Natural sawmill texture. More colors.

Real cedar shingles deliver a unique texture and character on each shingle when sawn in a lumber mill. These new innovative Cedar Impressions Triple 5" Straight Edge Sawmill Shingles replicate the authentic and historically accurate sawmill texture in 28 beautiful colors. And Cedar Impressions Triple 5" mitered corner posts are now offset, blending corners harmoniously for a more accurate appearance.

In addition to these new aesthetic touches, Cedar Impressions Triple 5" Straight Edge Sawmill Shingle panels have many new enhancements to improve the ease and quality of installation.
On average, polymer siding **saves time and money** when compared to maintaining other siding options or painted exteriors.*

- **$5** polymer siding / soap and water
- **$3,500-5,000** other siding / paint

*For 3000 sq. ft., multi-story home, professionally painted, with repainting every 8-10 years.
Beauty & Performance

The Cedar Impressions Triple 5" Straight Edge Sawmill Shingles panel is engineered to be installer friendly to ensure a beautiful, low-maintenance authentic cedar shingle look upon completion.

A full palette of color.

Cedar Impressions Triple 5" Straight Edge Sawmill Shingles offers 28 colors, including high performance dark colors.
New TrueTexture™

Cedar Impressions Triple 5” Straight Edge Sawmill Shingles now come with unique and authentic, sawmill textures, molded from actual cedar shingles. CertainTeed Sawmill Shingles have a texture and character all their own. With molded textures and patterns that replicate the effect of saw blades, these shingles are reminiscent of sawmills from the earliest years of European settlement throughout New England.

New offset cornerpost.

Cedar Impressions Triple 5” Straight Edge Sawmill Shingles have a patented offset mitered cornerposts which naturally blend in with the installation, as well as allow subtle adjustments up the walls for a better fit to a home.
Unsurpassed engineering.

In addition to being beautiful, Cedar Impressions Triple 5” Straight Edge Sawmill Shingles panel is engineered to be more functional to ensure a more secure, accurate and lasting installation with these enhancements.

- 3/4” Panel Projection
